Examiner's Statement of Reasons for Allowance

The following is an examiner's statement of reasons for allowance: The prior art, Isip, Jr. U.S. Pat. No. 6,295,539 B1 teaches check constraint routine compiled and execute check constraint routine (see figure 3A). The claimed invention such as teaches generating a plurality of configurations based on the parameters and the experimental constraints, each configuration including a plurality of experimental points, each point having a set of values for the parameters, selecting a configuration from the plurality of configurations and defining a set of experiments based on the selected configuration (see claim 1). Therefore, the prior art Isip, Jr. fails to teach or suggests generating a plurality of configurations based on the parameters and the experimental constraints, each configuration including a plurality of experimental points, each point having a set of values for the parameters, selecting a configuration from the plurality of configurations and defining a set of experiments based on the selected configuration.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
